ADVERTISING FEATURE

National Volunteer Week is an annual event celebrating the spirit of volunteering and the efforts of more than six million Australian volunteers who willingly give their time to the community.

This year, Volunteering WA has partnered with Community News to produce a special feature recognising volunteering efforts, showcasing opportunities and acknowledging the generous contribution of the hundreds of thousands of volunteers in our state devoting their time to help others. The feature, **to be published w/c 16 May, 2021** will contain good news stories about volunteers in our community, as well as messages of thanks from local businesses.

This is a fantastic opportunity for local communities, government departments and organisations to thank current volunteers, invite new volunteers, present products and services, profile members and announce new projects.
