## 1. Introduction

These guidelines contain information for the Volunteer Management Activity 2022-26 Volunteering WA Project Based Grants.

**You must read these guidelines before filling out an application.**

This document sets out:

- the purpose of the grants
- the eligibility and assessment criteria
- how grantees are notified and receive grant payments
- how project grants will be monitored and evaluated
- responsibilities and expectations in relation to the opportunity.

## 2. About this grant program

The Volunteer Management Activity (VMA) is a current stream of Australian Government funding aimed at strengthening volunteering across Australia. Support for volunteering, has been funded by the Department of Social Services (the Department). Volunteering WA, has become the Prime Provider for the VMA in Western Australia from 2021-2026, working collectively with other State and Territory Volunteer Peak Bodies.

The VMA Program has two distinct but complementary programs of work:

- breaking down barriers to volunteering for identified priority groups; and
- provision of online volunteer management support services.

**Volunteering WA seeks to fund projects that aim to help break down barriers to volunteering, faced by one or more of the three identified priority groups (First Nation peoples, new migrants, people with disabilities, vulnerable women, youth and the unemployed). Project outcomes are to support volunteer managers and Volunteer-Involving Organisations to build their capacity to engage and support priority group volunteers.**

Volunteering WA had made available a project-based grants pool to organisations, who can undertake projects that seek to achieve these aims. From 2022-2026, there will be a total pool of \$300,000 available annually for project grants. Intersectional projects (focussing on more than one (1) priority group), are also encouraged.

### 2.1 Grant administrator/Prime provider: Volunteering WA

Volunteering WA is the state peak body for volunteering in WA. Our work has a strong focus on advocacy, sector development and the promotion of meaningful and purposeful volunteering. Our role is to lead the growth of a collaborative, sustainable, thriving volunteering community and movement in WA. Volunteering WA believe that resilient communities are built on the contribution of empowered and active West Australians from every walk of life.

### 2.2 Volunteer Management Activity

Volunteering WA is collaborating with all state and territory Volunteer Peak Bodies to ensure national consistency of best practice resources and streamline delivery of the new VMA program. This reflects the shared approach to the delivery of this program, including reduction of duplication of services, resources, and training.

The project-based grants program in WA aims to provide a foundation for community led project delivery that understands and meets local needs of the priority groups and promotes innovation and collaboration.

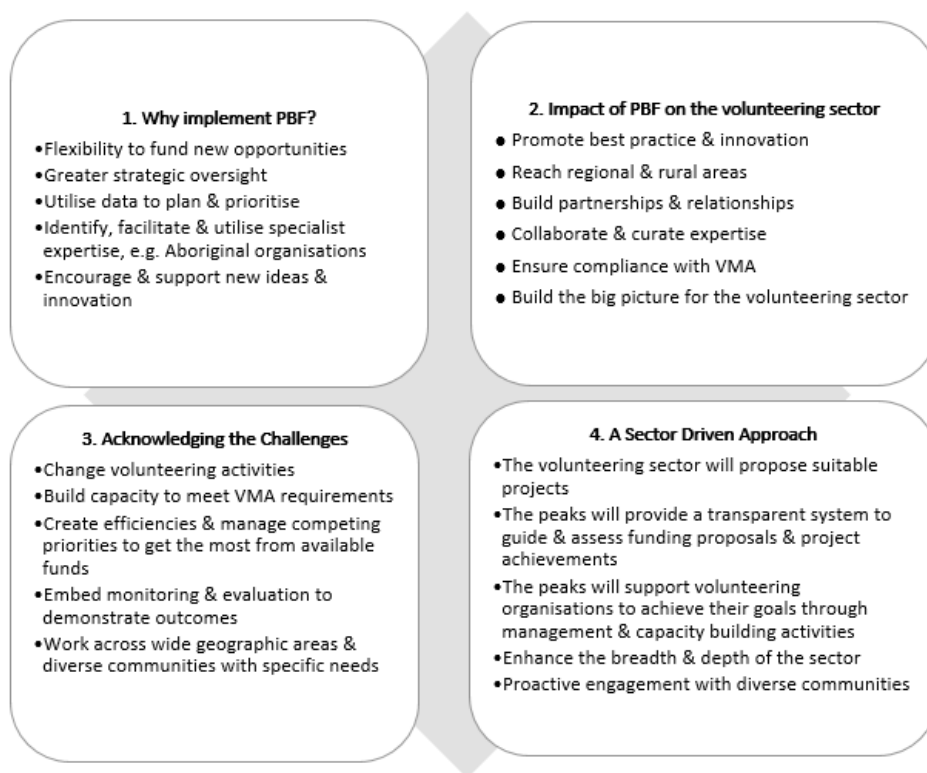

### 2.3 About the VMA project-based grant program

The VMA aims to increase opportunities for people to participate in the social and economic life of their broader community through volunteering, by:

- building effective volunteering practices and opportunities within organisations and communities
- increasing the diversity of volunteers
- improving access to information on volunteering
- providing access to training, resources and support volunteers and Volunteer Involving Organisations (VIOs) need.

Figure 1. Elements of the Project-Based Strategy

Further information is provided in Figure 1 below.

### 2.4 Requirements of project-based grant program

Projects will aim to build the capacity of volunteer organisations to break down barriers to volunteering for identified priority groups, and if considered the most effective approach, provide face-to-face activities to support participation in volunteering.

The priority groups include:

- First Nation Peoples

- People with Disability
- Newly Arrived Migrants
- Vulnerable Women
- Youth
- Unemployed
- Intersectional projects (focussing on more than one (1) priority group), are also encouraged.

Organisations will be required to provide Volunteering WA with updates on project outcomes and any other information for this purpose, so that other organisations within WA and more broadly may benefit from the project learnings.

Volunteering WA will provide successful organisations with a reporting template that will demonstrate the outcomes achieved under this grants program.

### 3. Grant period and timing of the grant process
